

BYRON NELSON ANNOUNCEMENTS

Thursday August 20, 2020

A MESSAGE FROM DR. MYERS

Thank you to all our students for being patient with Moodle today. Despite the challenges with technology, we have received great feedback from our teachers, all of which were so happy to see our students.

As we continue to create virtual classrooms through Zoom, we do need to make sure all students and parents understand that our students need to use the correct name they would typically use in a school setting in order to be allowed into the meeting. Students who try to enter the meeting using a different name will be denied entrance, or removed from the Zoom classroom setting.

As Bobcats, we all understand the importance of a positive learning environment, and I want to make sure that your attendance is counted accurately. Therefore, if your name does not reflect your legal or name approved by your parents, you will not be counted present.

Again, I am very proud of our students' patience and understanding as we launched a new way of connecting with our Bobcat Nation.

We will see you for day two, tomorrow!
