

A Message from BNHS

Keeping our families informed

September 24, 2020

VIRTUAL COLLEGE PRESENTATIONS

The College & Career Readiness Department is proud to host LIVE virtual presentations for our NISD students and families from various colleges and universities over the next few months. Each fall we look forward to having the college and university representatives visit our campuses during lunch. However, the Covid-19 guidelines prevent those types of visitors for now.

We recognize the importance for our students to learn about a specific college, majors they offer, admission requirements, and campus life, so the CCR department created a webpage with a monthly schedule as well as a list of post-secondary institutions that offer “on demand” presentations. The live virtual presentations will also include topics such as how to write a captivating college essay, how to pick the right college for you, how to successfully go from high school to college, and more.

Please save the link for future reference as presentations are added weekly as the CCR department works diligently with the Admission Representatives’ calendars. In order to accommodate most family schedules, the live virtual presentations will begin at 6:00 pm and last an hour (with time for questions). Many of the live presentations are private events for our NISD families! Our goal is to get the information to our students so they can make an informed decision on finding their right path to success.
