AP Exam Registration Deadline

**** Please note that the contents of this email are meant for families of students currently enrolled in AP courses. ****

Parents,

The deadline to pay for AP exams and still receive the district contribution is quickly approaching. Starting on November 7th, the cost for each AP exam will increase from \$68 to \$138. The attached letter and PowerPoint contains instructions about how to complete the registration/payment process, and please note that all AP exam payments must be made online through Total Registration.

Also, just a reminder, if your student is taking AP US Government or AP Macroeconomics during the spring semester, you will register for that specific course in January, and should not pay for that course now.

Please reach out to your student's AP teacher(s) or myself if you have any questions. Thank you!

Maggie Norris, M.Ed in Reading Education & Educational Administration

Assistant Principal

Byron Nelson High School
